

INDIANA ALBUM

James H. Mount.

GOVERNOR.

VERMONT'S GOVERNOR!

Read His Endorsement of Paine's Celery Compound.

STATE OF VERMONT,
Executive Department.
DERBY.

July. 5. 1897

Wells Richardson & Co
Rutland Vt

Gent. Having realized a benefit from the use of Paine's Celery Compound I hereby endorse the preparation as a reliable medicine that fully meets the claims made for it.

It is a pleasure also to endorse the proprietors of it as one of Vermont's ablest houses whose business reputation is above reproach

Josiah Smith.

RIGHT IN YOUR OWN HOME!

Well Known People Here in Indiana Whom Paine's Celery Compound Has Made Well.

Thousands of people in Indiana have been cured by Paine's Celery Compound, and today there is no other medicine so generally used and so largely sold in this State.

Every testimonial in this book is from some well known resident of Indiana, and is a voluntary statement of cure by the wonderful medicine that makes people well. Others may print testimonials said to be from far off States, but Paine's Celery Compound courts the fullest investigation as to authenticity and absolute truthfulness of all testimonials it prints, and gives them the greatest publicity where the writers are best known and can be seen at any time.

If you want to be well and strong and rejoice in perfect health, use Paine's Celery Compound, whose superiority over ordinary sarsaparillas, bitters, and nervines has been proven in hundreds of instances right here in your own State. Remember, it is **Paine's Celery Compound** you want, the only medicine that could have made the cures described in this book, the one medicine that makes permanent and lasting cures!

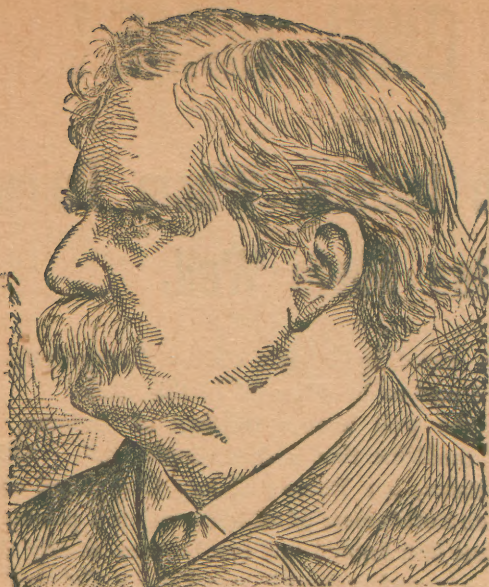

GEN. JOHN B. GORDON, One of the Most Popular Men in the South.

General John B. Gordon was born in Georgia in 1836. He graduated from the University of Georgia and was admitted to the bar. He practised law until the war broke out, when he became a captain in the confederate service. He rose steadily by well-merited promotions until he commanded one wing of Lee's army at Appomattox. He was elected to the United States Senate in 1872 and again in 1878. In 1880 he resigned his seat in the Senate to engage in railroad enterprises.

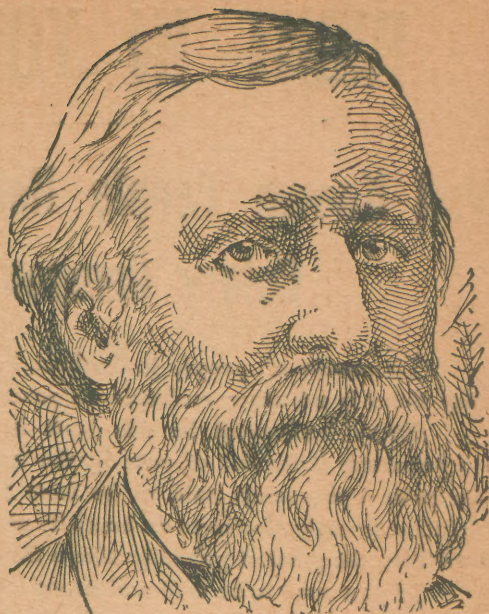

HON. WM. McKINLEY, President of the United States of America.

William McKinley was born in Ohio, February 26, 1844. He enlisted as a private soldier in 1861 and was mustered out brevet-major, at the age of twenty-one. He studied law and was admitted to the bar. Member of the 45th, 46th, 47th, 48th, 49th and 50th Congresses. In 1891 he was elected Governor of his native State, Ohio. In 1896, he was elected Republican President of the United States.

**HENRY WATTERSON, the Brilliant
Southern Editor.**

Henry Watterson was born in Washington, D. C., in 1840. He served gallantly in the confederate army. In 1868 he purchased the Louisville Journal which he consolidated with the Courier, and The Courier-Journal at once became the leading newspaper of the South. He is regarded as the leading journalist of the South.

LYMAN J. GAGE, Secretary of the Treasury.

Lyman J. Gage was born in Madison County, N. Y., in 1836. He went to Chicago in 1855, and in less than twelve months he was made paying teller of the Merchants' Savings Loan and Trust Company. In 1868 he became cashier of the First National Bank, and in 1891 he became president of the institution. He was appointed Secretary of the Treasury by President McKinley.

**JOHN D. ROCKEFELLER, the Richest Man in
the United States.**

John D. Rockefeller, head of the Standard Oil Company, was born on a farm in New York State in 1839. He became bookkeeper for a Cleveland concern, and in 1860 associated himself with Mr. Andrews in the oil refining business. Both were very poor, but a number of capitalists came to their aid, and the Standard Oil Company was established. Rockefeller's fortune is estimated at over \$180,000,000.

CLAUS SPRECKELS, the Sugar King.

Claus Spreckels landed in New York forty years ago, having had steerage passage from Germany, to seek his fortune. He bought a store in Louisville. When gold was discovered in California he proceeded to San Francisco and opened a grocery store. About twenty years ago he made his first voyage to Honolulu, the source of his sugar supply. He is today the sugar king of the world.

HON. JOHN SHERMAN, Secretary of State.

John Sherman was born at Lancaster, Ohio, May 10, 1823. He studied law, and was admitted to the bar at Springfield, Ohio, May 11, 1844. He was appointed Secretary of the Treasury, by President Hayes in 1877. In 1887 he was re-elected to the United States Senate. In 1897 he was appointed Secretary of State under President McKinley.

MAJ. GEN. NELSON A. MILES, Commanding the United States Army.

Nelson A. Miles was born in Massachusetts, in 1839. In 1861 he raised a company of volunteers. He was wounded at the battles of Fair Oaks, Fredericksburg, and Chancellorsville, and received four brevets for gallant and distinguished service. He was a brigadier-general U. S. A. in 1880, and was a major-general in 1890.

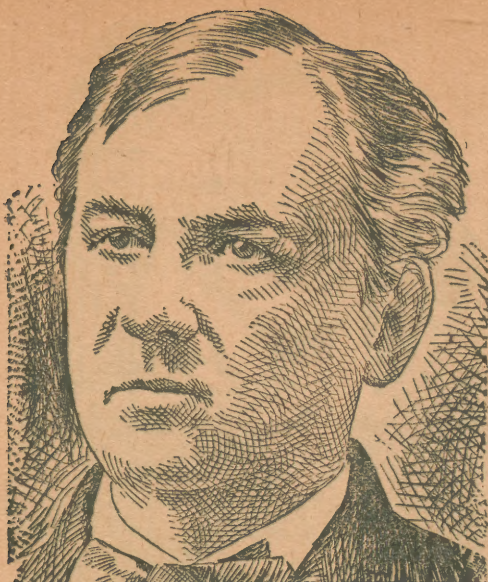

J. PIERPONT MORGAN, the King of Wall Street.

J. Pierpont Morgan, financier, is now in his sixtieth year. He has been a prominent figure in Wall Street for many years. His fortune is estimated at \$70,000,000. to \$80,000,000. Mr. Morgan is a member of the Metropolitan, Union League, Century, Knickerbocker, Tuxedo, Riding and Union Clubs of New York.

REV. T. DEWITT TALMAGE, the World Renowned Preacher.

Rev. T. DeWitt Talmage was born at Boundbrook, N. J., in 1832. His first pastorate was at Belleville, N. J., and subsequently at Syracuse, Philadelphia and Brooklyn. Dr. Talmage now has a large pastorate at Washington, D. C.

JOHN WANAMAKER, Merchant Prince and Proprietor of the Largest Store in America.

John Wanamaker was born in Philadelphia, in 1837. At the age of fourteen he left school to become errand boy in a retail store. In 1861 he went into business for himself, with Mr. Nathan Brown, his brother-in-law, as partner, and in 1869 established the house of John Wanamaker & Company, which has since become widely known as the largest store in the United States. He served in President Harrison's cabinet as Postmaster General.

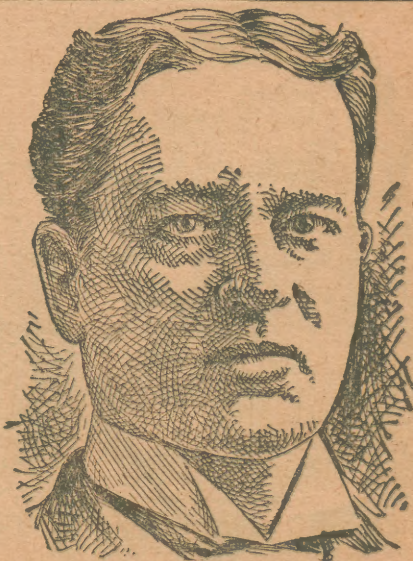

HON. THOMAS B. REED, Speaker of the House of Representatives.

Thomas B. Reed was born at Portland, Maine, in 1839; graduated at Bowdoin college in 1860; studied law; admitted to the bar in 1865; was attorney general of Maine and city solicitor of Portland 1874-1877. He was elected to 50th, 51st, 52nd, 53rd, 54th and 55th U. S. Congresses, as a Republican, and was elected speaker of House of Representatives 1889, 1895 and 1897.

JAMES GIBBONS, America's Cardinal.

Cardinal James Gibbons was born in Baltimore, in 1834, of Irish parents. He entered St. Charles College, Maryland, at seventeen. In 1861 he was ordained a priest at Baltimore, and installed Vicar-apostolic of North Carolina in 1868. In 1877 he was elected Archbishop of Baltimore.

WM. K. VANDERBILT, One of America's Famous Millionaires.

William K. Vanderbilt was born at Staten Island, New York, in 1849. As a boy he pursued the usual academic studies and was then sent by his father to Geneva, Switzerland, to complete his education. On his return, he entered the office of the treasurer of the Hudson River Railroad. He has traveled extensively, and is a member of several prominent clubs in New York.

LEWIS D. SAMPSON,

Dean of the Department of Journalism of the Northern
Indiana Normal College.

114 EAST MAIN STREET, VALPARAISO, Ind., June 1, 1897.

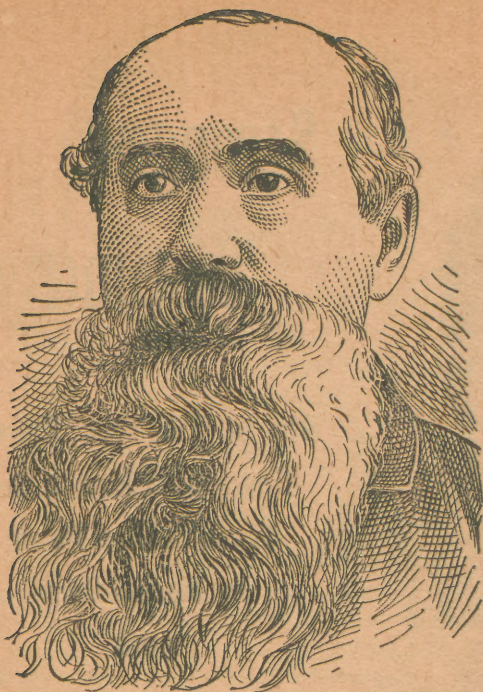

Gentlemen:—On the 20th of April I resigned my position with the editorial department of the Cincinnati Commercial Tribune, to take effect May 1st, in order that I might get a little rest before coming here to take charge of the new department of Journalism which is being put in this great college this year. On the first of May I went at once to my father's country home in Kentucky to rest, and if possible *regain some of the strength and vitality which had been taken from me by such close application to my work* for more than two years without a vacation. I was fairly worn out, and had serious apprehension as to my physical ability to again take up active work here as soon as I was required. I had noticed so many apparently similar cases which had been cured by the use of Paine's Celery Compound, that I concluded to try it, and I am happy to tell you that *after the use of a few bottles I am entirely well*, and I attribute this rapid recovery to the results brought about by your great medicine. I shall be glad to recommend it to my friends in the future.

Strongest Testimony!

One of the Best Known
Newspaper Men in the
West Broken Down
by Mental Over-
work.

Completely Restored
to Health by Paine's
Celery Compound,
the Medicine That
Makes People Well.

L. D. Sampson

HON. D. T. STEPHENSON.

Makes People Well!

One of Indiana's Best Known Men
Gained Flesh and Vigor Through
Paine's Celery Compound.

No other medicine in the world has as many endorsements from prominent people as Paine's Celery Compound! And no other medicine equals it in curative and strength-giving qualities. Read the following endorsement from Hon. D. T. Stephenson of Crawford County.

PILOT KNOB, Ind., July 23, 1897.

Dear Sirs:—In 1889 while serving as a member of the Indiana Legislature, I contracted a severe case of the grip, and was run down and all out of sorts and *found but little relief from any remedy until I tried Paine's Celery Compound.* The first bottle did me good and its continued use for a short time *restored me to my usual vigor and flesh.*

I am fifty-three years old, and as a recent photograph indicates, *am hale and hearty,* weighing 173 lbs. Respectfully,

D. T. Stephenson,

MRS. JOSEPH TINDALL.

Back from the Jaws of Death!

Mrs. Tindall Would Not be Alive To-
day Had It Not Been for Paine's
Celery Compound.

All the testimonials in this book are from residents of Indiana, and their truth can be proven without trouble. Write to Mrs. Tindall or to any one else who has used Paine's Celery Compound (enclosing stamped envelope for reply), and you will find that we never claim for this great medicine more than it can do.

CENTREVILLE, Ind., June 17, 1897.

Gentlemen:—About two years ago, while suffering terribly from **nervous prostration**, I began the use of Paine's Celery Compound, and *I received benefit from the first dose*, and by the time I had taken six bottles, I felt like a new person. Before I began taking your medicine I would at times be very dizzy and almost blind. I believe if it had not been for your wonderful cure, *I would not be here today to sing its praises to suffering humanity.*

Mrs. Joseph Tindall

JOHN W. BOYD.

Agonizing Rheumatism.

The Best Medical Treat-
ment Failed to
Relieve.

EXCRUCIATING PAIN !

Paine's Celery Compound Made
a Complete and Last-
ing Cure.

MISHAWAKA, Ind., May 21, 1893.

WELLS, RICHARDSON & Co.,

Gentlemen:—Last winter I was taken down with a very severe attack of nervous and muscular rheumatism, so bad that I could not lie down, sit up, or stand, without the most excruciating pain. I was all the time under the care of two of the best physicians of the place, but I did not improve. I took different rheumatic cures and used an electric battery a half hour each day for ten days, without any relief.

Finally I concluded to try Paine's Celery Compound, and to my surprise, after using one-half of a bottle I was able to get out and vote on election day, and *before I used the whole bottle I went to work, and have worked every day since.* I have used ten bottles of the Compound in all. I have gained twenty pounds in weight and am feeling first rate.

My wife has also been taking it for nervousness, and thinks there is nothing like it. We both recommend it to all of our acquaintances, and you are at liberty to use this letter as you see fit, for it truly worked wonders in my case.

Yours truly, JOHN W. BOYD.

**Four Years After Mr. Boyd's Great Cure!--The One Medicine
That Makes Lasting Cures.**

MISHAWAKA, Ind., June 18, 1897.

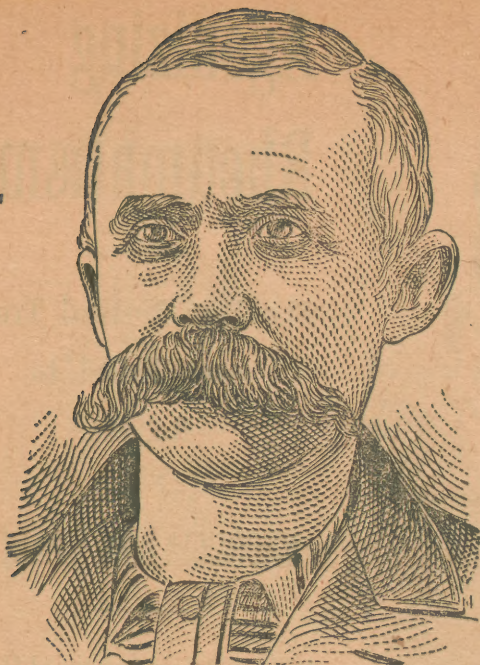

WELLS, RICHARDSON & Co.,

Gents:—I recommend Paine's Celery Compound every day. It is the only remedy for nervousness that ever helped my wife, and she is now as fat and plump as a quail.

I am known all over this county as one of the most enthusiastic Celery Compound advocates for rheumatism, and the afflicted come to me to have me rehearse my statement in your Indiana Album, which is every word the truth.

Yours etc.,

John W. Boyd

B. W. MASON.

RHEUMATISM BANISHED!

Paine's Celery Compound Has Cured Over
11,000 Cases in Indiana Alone.

In Indiana alone more than eleven thousand people have been cured of rheumatism during the past year by Paine's Celery Compound. Mr. B. W. Mason is one of hundreds who have given voluntary testimonials to its wonderful curative properties.

EWING, Ind., Jan. 22, 1894.

Dear Sirs:—The last of July I was seized with the rheumatism in my right hand. I continued to work, but it went to my wrist and from thence to my shoulder and arm. I got up one morning, *suffering intense pain*. Having used Paine's Celery Compound five years ago for facial neuralgia, which it cured permanently, I bought a bottle. By that time I had lost the use of my arm entirely, and *it seemed as though the bone would break*. In three hours after the first dose, I began to get relief, and *on the fourth day I went to work*. Yours truly,

B. W. Mason

MRS. ROBERT WILLENTS.

MAKES THE WEAK STRONG!

For Years Mrs. Willents Was So Feeble That
She Could Not Work.

After Using Paine's Celery Compound, She
Did All Her House Cleaning.

PATRICKSBURG, Ind., June 18, 1893.

WELLS, RICHARDSON & Co.,

Gentlemen:—Paine's Celery Compound excels everything I have ever taken. I have been troubled with **nervousness, headache and general debility for several years**, and have been able to do scarcely any work. This spring, after taking two bottles of Paine's Celery Compound, I have almost finished house cleaning by myself. *The Compound has so wonderfully relieved me* that I do not know how to express my gratitude towards you.

Yours with respect,

Mrs. Robt. Willents

Both Mr. Mason and Mrs. Willents wrote in June, 1896, that they still considered Paine's Celery Compound **THE BEST MEDICINE IN THE WORLD.**

C. L. ROSE.

Lost Thirty Pounds!

Another Great Victory for
the Medicine That Makes
People Well.

After Years of Suffering,
Paine's Celery Compound
Makes Mr. Rose as Well
as Can Be.

TERRE HAUTE, Ind., October 31, 1893.

Dear Sirs;—I have been in poor health for 30 years, a good deal of my sickness being brought on by exposure during the late war. My last spell of sickness came on two years ago, when I was taken with the grip and catarrhal fever. It was two or three weeks before the fever was broken up and I was confined to the house until spring, and went down in weight from 128 to 96 pounds. I have taken a good deal of medicine during the past two years, but **nothing ever did me as much good in as short a time as Paine's Celery Compound.** I have taken only one bottle, but I feel so much better that I shall take another, which I believe will leave me in as good health as a man of 61 years can be. The Compound is *quieting to the nerves*, and I think will do all that you advertise.

Yours very respectfully,

C. L. ROSE.

After Many Years—Mr. Rose Never Hesitates to Praise Paine's Celery Compound.

113 SOUTH 14TH ST., TERRE HAUTE, Ind., June 14, 1897.

Dear Sirs:—My mind has not changed respecting the virtues and benefit derived from the use of Paine's Celery Compound. I have had many inquiries respecting it, and I **have never hesitated to speak in praise of it.** My daughter and I gave it a trial, three years ago, and we were both benefited by it. Yours truly,

C. L. Rose

MISS BOONE FOSTER.

It Cures! It Cures!!

When Life Was a Burden Miss Foster
Was Cured by Paine's Celery
Compound.

Her Solemn Affidavit to the Truth
of This Testimonial.

Read this from Miss Boone Foster, which
was sworn to before Justice of the Peace
Bridges.

CLOVERDALE, Ind., Oct. 10, 1893.

Gentlemen:—When the grip became epidemic I was attacked with it in a very severe form, and it seemed as though I could get no relief, although I tried everything that was recommended for it by my friends. At last I was advised to take Paine's Celery Compound and I found a great deal of relief in the first bottle. After having used five or six bot-

ties I found that *I was cured and have not been troubled since.* Yours respectfully,

Boone Foster

Subscribed and sworn to before me this 10th day of Oct., A. D., 1893.

M. C. BRIDGES, J. P.

FOUR YEARS AFTER.

CLOVERDALE, Ind., July 10, 1896.

Gentlemen:—I have thoroughly tested Paine's Celery Compound, having used it for the past four years, and have found it an **infallible remedy**. I can unhesitatingly recommend its use to all sufferers from any derangement of the nervous system.

Respectfully, BOONE FOSTER.

L. D. VOYLES.

A Marvelous Blood Purifier.

Elder Voyles Is Now Well and
Hearty, Thanks to Paine's
Celery Compound.

Notice that all the testimonials in this book are from the State of Indiana, and from people

of the highest standing, such as Elder L. D. Voyles, Justice of the Peace, and well known in his section of the State.

CAMPBELLSBURG, Ind., June 24, 1893.
WELLS, RICHARDSON & Co.,

Gentlemen:—I am forty-eight years old and have been troubled with **impure blood most of my life**, and have had inflammatory rheumatism several times. I have used many remedies, from which I found but little relief. This last spring I had a severe spell of rheumatism, something I had not had for several years past. I saw Paine's Celery Compound advertised and tried it with splendid success, and can say that it is *the best blood purifier and rheumatism eradicator that I ever saw.*

Yours very truly,

Edw. L. D. Voyles

The One Medicine That Cures Rheumatism So It Never Returns.

CAMPBELLSBURG, Ind., June 13, 1896.

Dear Sirs:—Will say that I have used several bottles of your Celery Compound about *three years ago* for rheumatism, a disease from which I had suffered for several years, and find that the medicine restored me to good health, **which I still retain**, for which you will please accept thanks.

Yours in the hope of Heaven,

LOGAN D. VOYLES.

(Concluded from last column.)

benefit. The last doctor that I went to said that there was no help for me and that **I could not live more than a month or two.**

I then commenced taking Paine's Celery Compound, and *before I had taken two bottles I felt a great deal better.* I have taken eleven bottles in all and am much better. I always speak a good word for the Compound when I can. Several of my friends have used it since I began to take it, and **all speak highly of its merits.** Respectfully,

Belle Linendoll

MRS. BELLE LINENDOLL.

NIGH DEATH'S DOOR!

Doctor Said Mrs. Linendoll Could Not Live More Than a Month.

She Lives to Praise Paine's Celery Compound, the Medicine That Cured Her.

Of the many thousand cures of rheumatism made by Paine's Celery Compound in the State of Indiana alone, none is more startling than that of Mrs. Belle Linendoll. Few people have been nearer death than she and lived to tell the story of their rescue. It is one of many instances of the great curative powers of this wonderful medicine.

ORLAND, Ind., January 15, 1896.
WELLS, RICHARDSON & Co.,

Dear Sirs:—I have used Paine's Celery Compound for rheumatism, from which *I have been a great sufferer for two years.* I had used three kinds of patent medicines, and had been treated by two physicians, without much

(Concluded in first column.)

MRS. MARY E. TAYLOR.

Liable to Drop Dead at Any Moment.

Physicians Astounded at Mrs. Taylor's
Marvelous Cure.

Paine's Celery Compound the Only Medicine
That Had the Power to
Make Her Well.

Mrs. Mary E. Taylor probably came as near death as any one could and yet live. Read how Paine's Celery Compound made her well after ordinary remedies had utterly failed, and be convinced that this wonderful medicine has no equal.

ROBERTS, Ind., June 2, 1894.

WELLS, RICHARDSON & Co.,

Gentlemen:—I am 56 years old and have been passing the *critical period of life* for the last ten years, and during this time, I have been bothered with a very inactive liver, kidney trouble and rheumatic pains in my hips and back.

In the winter of 1893, I was *completely prostrated by rheumatism and neuralgia*. My

heart would skip and bothered me greatly, so that I dared not lie down, *but had to sleep in a reclining position*.

I had various doctors, but they seemed to do me little permanent good. One of them said *I was liable to drop dead at any moment*. The first of this year, I got a bottle of Paine's Celery Compound. After taking the first bottle, *I felt much better*, and continued taking it until I had taken six, when my health was greatly improved and now my kidneys and liver are all right. *My heart skips no longer*, my circulation is natural and has been for some time.

Hoping that my testimony may be the means of inducing others to try Paine's Celery Compound, I am,

Faithfully yours,

MRS. MARY E. TAYLOR.

Cured in 1894, Mrs. Taylor Keeps Well and Hearty.

ROBERTS, Ind., July 1, 1896.

WELLS, RICHARDSON & Co.,

Dear Sirs:—I state most certainly that Paine's Celery Compound has not only cured me of the nervous trouble, but *restored me to general good health* and cured me of a greivous heart trouble. I still continue to praise it for *its great strengthening qualities*.

I have recommended it to a great many of my neighbors and people who live at a distance, and *many have used it with great benefit to themselves*.

Very truly yours,

MRS. MARY E. TAYLOR.

Saved from an Untimely Grave---The One Medicine That Cures to Stay Cured.

ROBERTS, Ind., July 8, 1897.

WELLS, RICHARDSON & Co.,

Dear Sirs:—I still maintain my belief that *Paine's Celery Compound saved me from an untimely grave*, and I take great pleasure in recommending it.

Yours very truly,

Mrs Mary E Taylor

A. C. MATCHETTE, M. D.

A Glowing Tribute

FROM A

Skilled Physician!

Paine's Celery Compound is the Finest System Renovator.

Great Praise for the Medicine That Makes People Well.

The following glowing tributes from A. C. Matchette, M. D., one of the most enterprising physicians and druggists in Marshall county, should convince the most skeptical of Paine's Celery Compound's great superiority over ordinary medicine.

BOURBON, Ind., May 27, 1894.

Gentlemen:—In the treatment of hundreds of patients at our Institute for the cure of the whiskey and morphine habits, we have found that *Paine's Celery Compound is the finest tonic and general system renovator at our command*, and can not be too highly recommended in the treatment of such cases. As humanitarians we can not do less than speak in favor of your great remedy,—Paine's Celery Compound. A. C. MATCHETTE, M. D.

Sales the Greatest of Any Known Medicine.

BOURBON, Ind., June 15, 1897.

Gentlemen:—Our sales of your goods are increasing from month to month and from year to year. Today our sales of them *are far greater than of any other proprietary goods*. The secret of their constant increase in sales is that they invariably give most perfect satisfaction to every user, and *one customer always makes many other firm friends for them*. These remedies can always be relied upon to do as represented.

Very truly,

A. C. Matchette M.D.

REV. JOHN RAGLE.

Saved from a Premature Grave!

One of the Best Known Ministers in
Sullivan County Almost a
Nervous Wreck.

Restored to Health and Strength by Paine's
Celery Compound.

No one can question the absolute truth of the following testimonial, coming as it does, from one of the most faithful and devoted Methodist ministers in Sullivan county.

DUGGER, Ind., July 7, 1897.

Gentlemen:—I have taken Paine's Celery Compound, and I am proud of its effects. In the spring of '96 *I think it kept me from filling a premature grave.* I had been engaged in church work mornings and evenings for almost six months without intermission. The strain of the work seriously affected my nervous system. *I was almost a nervous wreck!*

I tried other remedies, I tried to rest, but

until I found Paine's Celery Compound I could get no rest. It just fixed me in shape to rest; *gave relief and did the work.*

I have recommended its use in several similar cases, and can heartily recommend its use to those who have overtaxed the nervous system. *It is a great remedy for those who must perform hard mental work.*

John Ragle

MRS. J. L. CARR.

For Woman's Suffering.

Womb Trouble That Physicians Could
Not Help, Cured by Paine's
Celery Compound.

After Using This Great Medicine, Mrs.
Carr Is Able to Do the Work for
a Family of Six.

The peculiar combination of curative roots, barks, and plants used in the preparation of Paine's Celery Compound makes it far superior

to all other medicines in the treatment of womb troubles, ovarian difficulties, and the many painful diseases with which women suffer.

WASHINGTON, Ind., March 8, 1897.

Dear Sirs:—I began taking Paine's Celery Compound one year ago the last of this month. I had pain in my sides, neuralgia of the heart, and my womb was swollen so I could not sit up all day, and I was costive. My physician could do me no good. I used eight bottles of Paine's Celery Compound, and now I am doing my work for a family of six. I am praising the Compound as often as I have the opportunity. Yours truly,

Mrs J. L. Carr

Paine's Celery
Compound Makes
PERMANENT
Cures!

(Concluded from last column.)

of plasters since. I feel all right in my back. I had tried kidney cures, sarsaparillas, etc., BUT WITHOUT RELIEF.

My granddaughter, Mrs. Stella Harper, had fallen away to a mere skeleton, could not rest or sleep, and had no appetite. We believed that she would die. One-half bottle of Paine's Celery Compound cured her, and she is now doing well and is able to do her own housework.

Yours truly, REUBEN BINKLEY.

**The One Medicine That Makes Lasting
Friends and Becomes a Household
Remedy if Once Used.**

CEDARWOOD, Ind., June 15, 1897.

Gentlemen:—Paine's Celery Compound has been to us a ready relief, aye, a balm for every wound. I have used it in my family for a number of years, and find it the best remedy for kidney, liver and stomach trouble and general debility. Yours truly,

Reuben Binkley.

REUBEN BINKLEY.

Two Marvelous Cures!

After Ten Years of Suffering, Reuben
Binkley Is Cured by Paine's
Celery Compound.

The Same Wonderful Medicine Saved His
Granddaughter When at the Point
of Death.

The people of Cedarwood and vicinity have been startled by many miraculous cures. Reuben Binkley, one of the oldest and most respected citizens, tells of the marvels wrought by Paine's Celery Compound in his family.

CEDARWOOD, Ind., Jan. 27, 1894.

Gentlemen:—I have had kidney trouble and pain in the small of the back, and have worn porous plasters for ten years. Six months ago I was induced to try Paine's Celery Compound. It worked like a charm. I have had no need

(Concluded in first column.)

EDWIN W. HARLEMAN.

Read This, Nervous Sufferers!

Paine's Celery Compound
Gives Strength to an Old
Soldier of 82.

Hundreds of Members of the
National Military Home at
Marion, Using This Won-
derful Medicine.

NATIONAL MILITARY HOME, MARION, Ind., Oct. 13, 1893.

Gentlemen:—Eighteen months ago I was so nervous that I could not lift my cup from the table without spilling the contents. I used two bottles of Paine's Celery Compound and my arm became so steady that I could pick the cup up with the greatest ease. I then stopped using the Compound for a time, and when I got a little shaky I bought two more bottles. By the time they were gone I was quite steady again. My bowels are as regular as they were when I was a boy, although I am now 82. There was not a bottle of Paine's Celery Compound used in the Home when I bought it first, and now there are over two hundred members using it and all with good effect, and it has spread to the other branches of the Home. Whenever I see any one affected by nervousness I recommend Paine's Celery Compound.

Respectfully, EDWIN W. HARLEMAM.

**Mr. Harleman So Well That He Left the Home---The Wonders Wrought by
Paine's Celery Compound.**

WARASH, Ind., June 16, 1897.

Dear Sirs:—I can truthfully say that I have now even a better opinion of Paine's Celery Compound than I had four years ago. The first bottle strengthened my nerves and they have continued strong ever since.

I have become so strong that I left the Home over a year ago. I will send you one of my photos., showing how I look in my eighty-sixth year, and it all came about from the use of Paine's Celery Compound.

Respectfully,

Edwin W. Harleman

MRS. P. J. MURRAY AND CHILD.

MOTHER AND CHILD!

Both Cured by the Great
Medicine That Makes
People Well.

Mrs. Murray Suffered for
Years With Catarrh of
the Stomach.

Physicians Could Not Help
Her, But Paine's Celery
Compound Cured.

HAMMOND, Ind., March 8, 1897.

WELLS, RICHARDSON & Co.,

*Dear Sirs:—My wife had been suffering three years with what the doctors called catarrh of the stomach, for which **they could do her no good.** I also took her away for her health, but all in vain. At last I got Paine's Celery Compound, and after taking two bottles she felt much better. She kept on taking it until she used about one dozen bottles, and for the last two years she has been the healthiest woman you ever saw.*

I also have a little girl that is two years old, that was troubled the first six weeks after she was born with what the doctors called the same trouble as my wife's, and I gave her Paine's Celery Compound, and *she has never been sick since.* We have never heard her cry from the time we started to use Paine's Celery Compound until she began to walk.

Respectfully,

P. J. Murray

God's Greatest Gift

The Marvelous Nervous
System that Regulates
Our Lives and
Actions.

Paine's Celery Compound,
the Greatest of all
Nerve Restorers,
Makes People
Well.

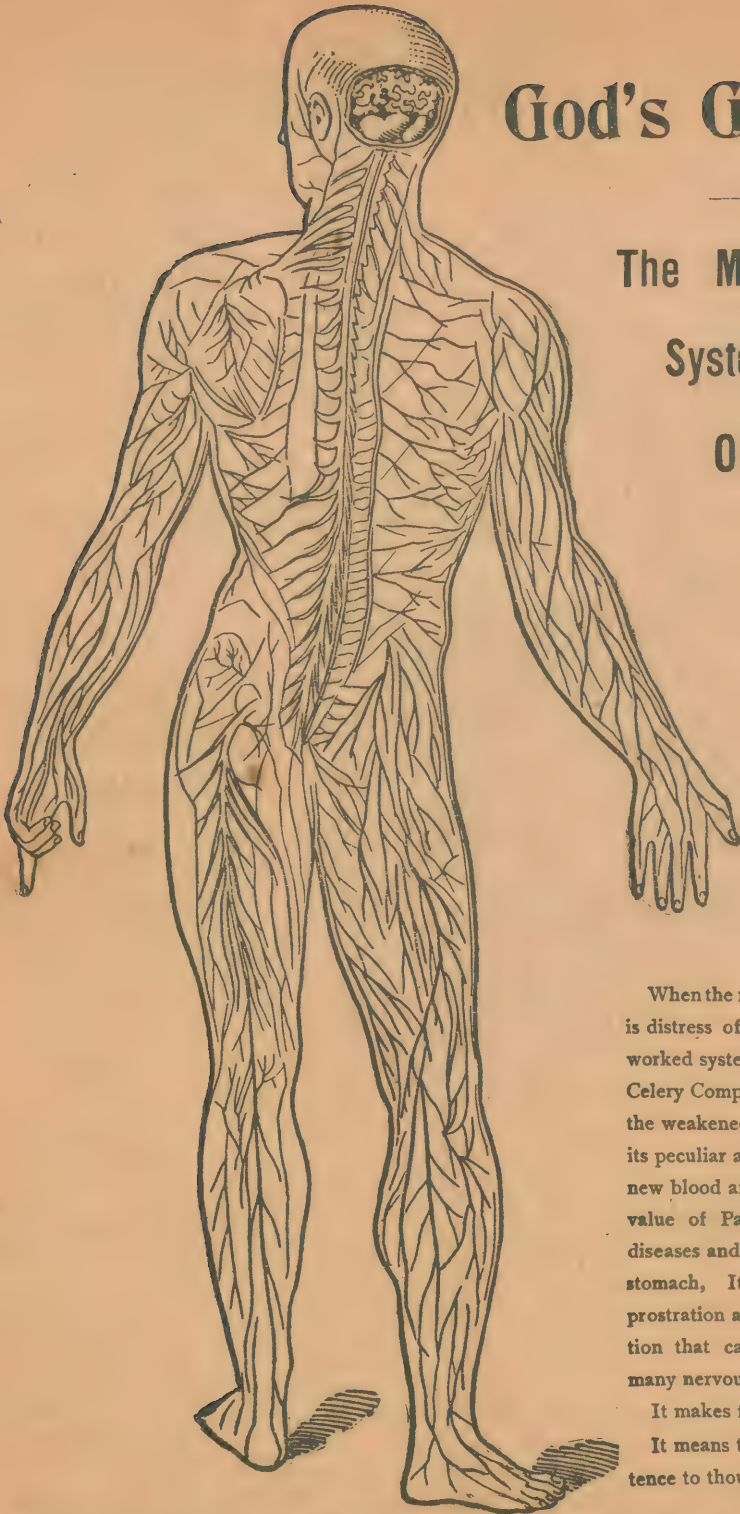

When the nerves ache, the body grows thin and there is distress of some of the vital organs, then the over-worked system needs help. Prompt use of Paine's Celery Compound will keep up the strength and save the weakened parts from succumbing to disease. In its peculiar ability to invigorate the body, to make new blood and to regulate the nerves, lies the great value of Paine's celery compound in all wasting diseases and in disorders of the kidneys, liver and stomach. It rescues shaky, enfeebled nerves from prostration and removes that feeling of utter exhaustion that causes so much despondency among so many nervous, worried men and women.

It makes flesh, blood and strong nerves.

It means today health, strength and a new existence to thousands.

"HOW MARVELOUS ARE THE WORKS OF GOD."

Trace the Delicate Nerve Threads that Reach Every Part of the Brain and Body. The Slightest Injury, when Uncared for, Results in Disease and Death.

GREATEST OF ALL PHYSICIANS.

Discoverer of Paine's Celery Compound to Whom Thousands Owe Their Life and Happiness.

"Excepting its handful of magnificent statesmen and its military heroes," says the most recent writer upon America, "the people owe more to Dartmouth's physician-teacher than to any one man.

"In every walk of life, among the highest officeholders at Washington, in the homes of the best people in the large cities, among the every day folks of the country, families in comfortable circumstances, families that 'live from hand to mouth' and could not, if they wished, afford the services of any but an ordinary physician—every-

where I have met people to whom Paine's Celery Compound has been a blessing."

The story of the life-work of this giant among men has been often told and is familiar to most readers. The likeness above is probably the best portrait of him yet printed.

It was the world-famed discovery by Prof. Phelps of an infallible cure for those fearful ills that result from an impaired nervous system and impure blood which has endeared the great doctor to the world, and made his life an era in the practice of medicine.

Prof. Phelps was born in Connecticut and graduated in medicine at Yale.

His unusual talent soon brought him reputation and prominence among his professional brethren. First he was elected to the professorship of anatomy and surgery in the Vermont University. Next he was appointed lecturer on materia medica and medical botany in Dartmouth College. The next year he was chosen professor of the chair then vacated by Prof. Robby, and occupied the chair, the most important one in the country, at the time when he first formulated his most remarkable prescription.

In view of the overwhelming testimony to the value of Paine's Celery Compound that has recently appeared from men and women of national reputation, the picture of Prof. Phelps is particularly interesting.

The fact is, Paine's Celery Compound is not a patent medicine; it is not a sarsaparilla; it is not a mere tonic; it is not an ordinary nervine—it is as far beyond them all as the diamond is superior to cheap glass.

It makes people well. It is the one true specific recognized and prescribed today by eminent practitioners for diseases arising from a debilitated nervous system. Prof. Phelps gave to his profession a positive cure for sleeplessness, wasting strength, dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. For all such complaints Paine's Celery Compound has succeeded again and again where everything else has failed.

No remedy was ever so highly recommended, because none ever accomplished so much.

Today Paine's Celery Compound stands without competition for feeding exhausted nerves and building up the strength of the body. It cures radically and permanently. The nervous prostration and general debility from which thousands of women suffer so long that it finally gets to be a second nature with them—all this suffering and despondency can be very soon removed by properly feeding the nerves, and replacing the unhealthy blood by a fresher, more highly vitalized fluid. A healthy increase in appetite and a corresponding gain in weight and good spirits follow the use of Paine's Celery Compound.

Paine's Celery Compound is the most remarkable medical achievement of this last half of the nineteenth century.

On a previous page is pictured the wonderful nervous system. Trace the delicate nerve threads that reach every part of the brain and body.

Yet this crowning example of the Creator's

wisdom and goodness is so often sadly abused that disease and death result.

The nervous system rules every action of our body, controls everything we do. In this article are given truths in regard to the nerves, that, if acted upon, will bring valuable knowledge, peace, and happiness to the reader.

RT. HON. W. E. GLADSTONE.

Who is there that has not suffered a burn and rebelled at the pain? Yet this shows the wondrous care of the great Creator. If the nerves did not feel the pain caused by the burn and carry this feeling to the brain so that the person knew of it and drew away from the fire, life itself might have been lost.

It has been a mistaken idea that hard working mechanics, farmers, or laborers, do not have a nervous system that is as delicate as that of the scientist, or that is as easily injured.

This is all wrong. Let the man or woman who works hard with the hands injure the nervous system, and pain and disease will as surely result, as it would to Gladstone, who with his marvelous brain, has guided the destinies of the English nation for so many years.

CAUSE OF FAILURE TO PURIFY THE BLOOD.

It is the easiest thing in the world to convince any one who is open to conviction that disease is due to some weakness or trouble of the nervous system. Dr. Laning has plainly shown that the so-called blood diseases can be cured only by remedies that act upon the nervous system. And the brightest scientific minds of

the age positively agree with this learned physician in his conclusions.

Dr. C. H. Hughes of St. Louis writes: "It may be deemed a bold assertion, but experience will, I am assured, confirm its truth, that eczema is generally a vaso-motor emotional neurosis," or, in other words, is of nervous origin. Erasmus Wilson, the celebrated English dermatologist, in his contribution to Quain's Dictionary, makes nearly the same statement.

WHAT REV. DR. HAYNES SAYS.

Emery J. Haynes, D. D., the well known preacher at Tremont Temple, Boston, gave in the *Congregationalist* his experience with tired nerves, and showed most conclusively that dyspepsia and indigestion directly result from weakened or strained nerves. He wrote: "My nervous fatigue always shows itself in failing digestion."

NERVOUS CENTRES OF VITAL ORGANS.

The heart, the kidneys, the stomach—all the great organs have their nervous centres. From these centres go forth a network of nerves which accompany the blood vessels, and which govern their tension and that of the heart. If the nervous force be raised, the blood vessels contract, and the course of blood through them is diminished. If the nervous force be lessened, the vessels relax, and they become so unduly filled with blood that the parts which they supply become flushed and congested.

Thus, under different conditions of the nerves, there are flushes, chills, coldness of hands and feet, perspiration, irregular action of the bowels, deficient tone in the stomach and intestines, with flatulency as a constant and oppressive symptom, and often frequent and unhealthy urination. In addition to these symptoms there are at times distressing and even painful sensations of ringing sounds in the head, all caused by some weakness or strain of the nervous system.

NERVES OF THE BONES.

Do not think because you do not see your nerves that you have none. They are everywhere, even in the bones. Through the marrow run the nerves and blood vessels, entering the bones from the flesh without by little holes, which you can see for yourself any time by examining a skeleton or part of one. When the disease called rheumatism, which but few physicians understand, affects the nerves within the bones, the only way to treat it successfully is by Paine's Celery Compound, a medicine that acts upon the nervous system.

HEALTHY NERVES NECESSARY FOR LONG LIFE.

That aching head, tired brain, and painful weakness, we all admit comes from weakened nerves, and can never be cured until the nervous system is strengthened. But diseases of the liver, kidneys, and stomach are also caused by disordered nerves, and can only be cured by the proper remedies, strengtheners, and nourishers for the nervous system, scientifically combined and compounded.

"TOMORROW MAY BE TOO LATE."

But beware of that evil of putting off until tomorrow what should be done today. Now, there is time to save yourself. Tomorrow, it may be too late. It is the same with health,—delays are dangerous.

MISS FRANCES E. WILLARD.

The Rev. Dr. Haynes says: "It is the stitch in time that saves.

"A good mother's nerves are the finest creative work of God. At any cost save them."

Frances Willard the famous advocate of temperance and purity, is no more liable to nervous prostration than the wife who does her own housework. Weak nerves will come to one woman as surely as to the other.

We have briefly shown the folly of treating so-called diseases of the liver, kidneys, blood, and stomach, by special remedies for these organs. Perhaps in this way, benefit may be gained for the time being while using the medicine. But that is not what the poor sufferer wants. To be made well and strong, to feel life's current once more flowing joyously

through the veins, to be able to put away medicine,—that is what the weak and sick desire, oh, so earnestly.

WHO CAN BLAME THEM?

All that they have would they give for health. And who can blame them?

Stop experimenting.

Use a scientific, common sense remedy that cures disease.

There is such a remedy. It is the result of the life's study and experience of one of the ablest physicians of his day, Prof. Edward E. Phelps, M. D., LL. D., a graduate of Yale, and a professor in Dartmouth College and the Medical Department of the University of Vermont.

It is *not* a patent medicine; it is *not* a sarsaparilla; it is *not* a bitters or mere tonic; it is *not* an ordinary nervine;—it is as far beyond them all as the diamond is superior to the cheap glass.

It is a medicine that will give new life and strength to old people, and at the same time is so pure and harmless that it is the favorite medicine for children.

Paine's Celery Compound is a physician's discovery, and as such is freely used and prescribed by many of the most eminent of the profession. The formula is furnished to reputable physicians, and hence they have confidence in prescribing it, for they know it to be harmless as well as useful.

PAINE'S CELERY COMPOUND CURES.

But even this Compound cannot in one or two days cure a disease that has been coming on for years. Give it a fair chance and it will do more than you had hoped and longed for. A case of dyspepsia, for instance, requires time for a cure,—the nerves of the stomach must be toned up, the excretory organs must work naturally, and the nervous system must be strengthened and invigorated. All this requires time. And yet how willingly and gladly should you devote weeks, yes, even months, and give all that you possess, if you were only confident of a cure at the end of that time. Keep on until success crowns your health-seeking.

Like Stanley, the great explorer, whose magnificent success came by perseverance, the victory will come at last, and by the aid of this grand good Compound the longed-for health and happiness will be yours.

Well, Paine's Celery Compound will cure. The first bottle will benefit. All the while the nerves will be growing stronger, the digestive organs will be gaining tone, and health will be

surely returning. Do not be in too big a hurry. Buy half a dozen bottles of the Compound, and use it faithfully according to the directions. Why we urge this is because so many people

STANLEY, THE GREAT EXPLORER.

stop taking the medicine as soon as they feel better, and then perhaps have a relapse, while if they use several bottles the cure would be permanent. Then, too, there is such a large demand for the medicine that the druggist's stock is sometimes sold out, and the patient has to wait and suffer until more is received. As it keeps perfectly, the last drop in the sixth bottle being just as full of curative power as the first, there is no chance of losing anything, and by being able to use the Compound right along until cured permanently, months and years of sickness may be saved.

WHAT THE COMPOUND IS MADE OF.

Is it not strange and extremely foolish that people will go on taking medicine to cure effects, instead of using Paine's Celery Compound and getting rid of the cause? The only result of such folly is failure, misery and death. This Compound is a remedy which science has taken from Nature's laboratory, and is composed of Nature's health-restorers, celery, coca (the heavenly plant), cascara sagrada (the sacred bark), hops, dandelion, buchu, mandrake, sarsaparilla, and chamomile, scientifically combined and compounded.

Sickly children, weary women, and tired, broken-down men find in this great Compound, health, strength, and happiness. For all those

diseases which are really the result of weakened nerves, such as dyspepsia, headache, rheumatism, liver, and kidney troubles, Paine's Celery Compound is the only remedy that absolutely cures. It has done greater good to the human race than any other discovery of the 19th century, and well deserves the grateful praise of the thousands whom it has snatched from the jaws of death.

EX-PREST. BENJ. HARRISON.

Albert H. Hardy, the author, whose poetical work, "The Maid of Bethany," is commended by such eminent men as Hon. W. E. Gladstone, Rev. Edward Everett Hale, and Dwight L. Moody, speaks for hundreds in writing the following:

"I take pleasure in recommending Paine's Celery Compound to others. After suffering for months with insomnia (sleeplessness) and nervous prostration I was persuaded to try the Compound. Good results were shown after the use of one bottle, and three practically cured me. It is not only valuable as a remedy but delightfully pleasant as a compound."

"DELAYS ARE DANGEROUS."

Do not neglect the little ills, the aches and pains, the "all-gone" and tired feelings that the majority of people look upon as trifles. Remember that delays are dangerous, and the weak, nervous, irritable feeling of today may tomorrow be the terrible misery of nervous debility, sleeplessness, melancholia, paralysis, insanity, or that dreaded paresis that ends only in death. While there is life, use this great

Compound that will strengthen the nerves, purify the blood, and give health and strength to both brain and body. It will keep far distant the solemn time, so piteously described in the following sentence:

"We are never so impressed with the cruel inexorability of Nature's laws as when we see our friend, glowing with the full joy of life, blindly hurrying on to the vast unknown whence no one may come back to tell us it is well with him; when we know that the hand warm in our clasp is already chilling with the creeping clutch of death; when we must see that, were our love as wide as the world, it could not hold him back for a moment against that invisible grasp that is drawing him down, as in a quicksand, before our eyes."

The most prominent people in the land use and praise Paine's Celery Compound. Heads of departments at Washington, senators and congressmen, from Pres. Harrison's administration, when this great medicine was first introduced into the Capitol, down to the present time, have placed their cures and testimonials on record.

A New York lady, who had been a perfect martyr to sleeplessness and nervousness, as well as a dyspeptic, last autumn was entirely cured by the use of Paine's Celery Compound. In her fullness of heart and great joy she sent the proprietors a most flattering testimonial, together with the following lines:

There is a Blessing.

The nervous system suffers,
The throbbing brain is tired;
The hand is weak and trembling,
The brow with fever firing,
The restless head on pillow,
Repose can never find;
Our bed is like a billow
Toss'd by the sweeping wind.

'Tis then we need a healing—
The remedy is near;
This great and mighty blessing
Removes all doubt and fear.
Oh! for Paine's Cel'ry Compound,
It brings a sweet release;
By it new joys and years are found,
New health and perfect peace.

SPECIAL OFFER.

Paine's Celery Compound is sold by druggists and dealers in medicine; \$1.00 per bottle, 6 bottles for \$5.50. Buy six bottles at a time and save money.

If your dealer does not have the Compound, send us \$7.00 and we will deliver two bottles at your nearest express office, all charges paid; or send us \$5.50 and we will deliver six bottles, charges paid.

WELLS, RICHARDSON & CO.,

A Miraculous Cure!

Grocer Lambert Was Paralyzed For Seven Years.

READ WHAT PAINE'S CELERY COMPOUND DID FOR HIM.

If Paine's Celery Compound can give strength and health to a man so near death when he commenced using it as was C. H. Lambert, the well known grocer of La Porte, does it not stand to reason that it can cure ordinary diseases?

LA PORTE, Ind., April 16, 1894.

Gentlemen:—I have been taking Paine's Celery Compound for paralysis, rheumatism and nervousness. I was so bad that I could

the use of the right limb and one side of my head. One year ago I had rheumatism all winter. Later on the pain left me, but my joints got so weak that I could not do anything, even to dress myself.

About two months ago I bought a bottle of Paine's Celery Compound, and had taken only half a bottle when *it had done more for me than all the medicines that I had taken*, and I had taken everything that I could hear of for two years. I secured five dollars worth of the Compound and **can now eat and sleep good** and am gaining strength every day. I have a neighbor taking the Compound, and he is getting better every day. I am 63 years old, and was in the army in sight of Lee's men when they stacked their guns.

Yours truly,

C. H. Lambert

MY FAITH IN PAINE'S CELERY COM-
POUND AS GOOD AS EVER.

LA PORTE, Ind., June 12, 1896.

Gentlemen:—My faith in Paine's Celery Compound is as firm as ever. I have not used it in some time, but my wife has used it for kidney trouble and it has done her a lot of good, in fact she thinks it has cured her, although she has taken only two bottles of it.

Other members of my family are using it, and are well satisfied with the results. It is the only medicine used by us in our own house, so you see I praise the bridge that carries me over safe.

Hoping you may live long to enjoy the benefits of your medicine, I will close.

C. H. LAMBERT.

C. H. LAMBERT.

neither sleep nor eat. Seven years ago I had spotted fever or meningitis and have not been well since. I nearly lost my speech and

MRS. SARAH BOLLER.

**"I Thought I Would
Have to Die!"**

**Five Physicians Could Not Help
Mrs. Boller.**

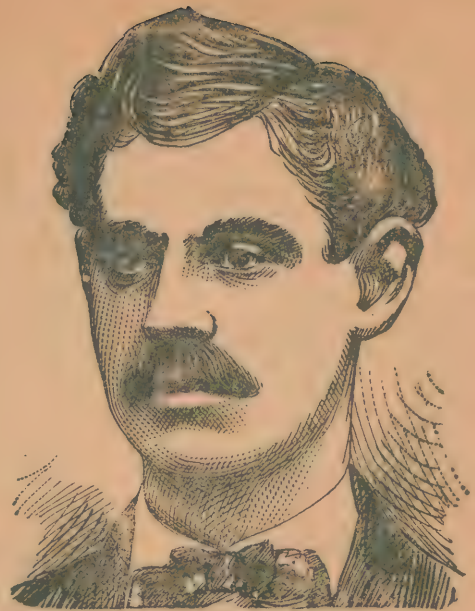

Men and women who, like Mrs. Boller, thought their time on earth was short, have been restored to perfect health by this medicine that makes people well!

BLUFFTON, Ind., Feb. 19, 1897.

Gentlemen:—For twelve weeks I suffered intense pain from sciatic rheumatism. I consulted five doctors, and had three call on me; but I got worse, until *I thought I would have to die.*

A friend then insisted that I should try your remedy. I began taking Paine's Celery Compound in the morning, and **it seemed to me that the very first dose gave me relief.** I slept fairly well the first night, and the next day the pain had nearly all left me. I used only about one-half bottle, and have not a symptom of pain at this writing.

Sarah Boller

W. P. DICKERSON.

**No Appetite!
Terrible Sleeplessness!
Growing Thin!**

**"Paine's Celery Compound Cured
Me Permanently."**

Mr. W. P. Dickerson is a boot and shoe dealer in Crawfordsville, Ind., who possesses the confidence and respect of all citizens. He is only one in thousands whom Paine's Celery Compound has cured, yes, cured.

113 WEST MARKET ST.,
CRAWFORDSVILLE, Ind., June 15, 1897. }

Gentlemen:—In 1893, my health was very poor and I was thin in flesh, and could not eat or sleep. I tried various medicines without getting any relief. Finally I tried Paine's Celery Compound, **and it cured me as sound as a dollar.** I am now in the best of health, and have never had need to take any medicine since taking Paine's Celery Compound. I eat and sleep good, and weigh more pounds than I ever did in my life. It is curing many of my friends.

Your friend,

W. P. Dickerson

WILL K. PENROD.

Cured, Yes, Cured!

Indiana Editor Broken Down
By Overwork.

W. K. Penrod Cannot Praise
Paine's Celery Compound
too Highly.

W. K. Penrod, editor of the *Odon Journal*, is one of the most popular newspaper men in Daviess county, and the following strong testimonial from him is convincing that no medicine equals Paine's Celery Compound.

ODON, Ind., June 4, 1896.

Gentlemen:—An overburdening of work during the past winter took the energetic look and feeling from my once vigorous constitution, and I was losing weight and becoming **unable to perform my undertakings**; a general and uncompromising constitutional ailment was clinging to me, when my attention was called to Paine's Celery Compound. I began taking that and since then a *continual improvement of body energy has resulted*. I cannot recom-

mend Paine's Celery Compound too highly for the overworked person. Very truly,

Will K. Penrod

MRS. GRACE ROBSON.

WOMAN TO WOMEN!

Mrs. Robson Tells How She Was Cured
of Female Troubles.

No medicine in the world equals Paine's Celery Compound in curing the diseases peculiar to women. The following striking testimonial from Mrs. Grace Robson, is but a fair example of the heartfelt letters of gratitude that come to us daily.

3404 NEBRASKA ST.,
MARION, Ind., Nov. 21, 1895. }

Dear Sirs:—Paine's Celery Compound is a splendid medicine to build a person up. I was all run down and sick with female troubles, and three bottles of the Compound did me *more good than anything that I have ever taken*. I can recommend it to others.

Mrs. Grace Robson

Nigh to Death!

Suffered
With
Nervous
Prostration
for Years.**

**Ordinary Medicines Could
Not Help, But Paine's
Celery Compound
Made Her Well.**

MRS. HOMER FERGUSON.

418 EAST 17TH STREET, }
BEDFORD, IND., Dec. 1, 1893. }

WELLS, RICHARDSON & Co.,

Dear Sirs:—My wife suffered from nervous prostration for two years or more. She tried numerous medicines, until she was very near death's door. Her mother told her to try Paine's Celery Compound. She has used four or five bottles and is nearly well. She bought all of the Compound from Dr. Walls of this town, and he can tell you all about her case. We both of us recommend Paine's Celery Compound to all.

Yours respectfully,

Homer Ferguson

MISS LANDIS.

Headache, No Appetite, All Run Down.

Paine's Celery Compound Makes Children Well and Strong.

The Great Good It Did Little Miss Landis.

No other medicine is so well adapted to give strength and vigor to weak and sickly children as Paine's Celery Compound. It is pure, pleasant, and health-giving. Read the following letter from H. F. Landis, a grateful parent.

INDIANAPOLIS, Ind., April 14, 1894.

Gentlemen:—My little girl used one bottle of your valuable medicine, Paine's Celery Compound. She was going to school and was complaining daily about pain in her head, no appetite, and sore throat caused by her tonsils, for when she caught cold the tonsils would get sore. She was also troubled with rheuma-

tism in her limbs. But I can recommend the Compound for what it has done for her, as her SYSTEM IS NOW IN GOOD SHAPE, the headache has disappeared, she complains no more about the rheumatism and *she feels like another child.* Yours truly,

H. F. Landis.

The Medicine That Makes Permanent Cures.

135 VIRGINIA AVE.,
INDIANAPOLIS, Ind., June 13, 1896. }

WELLS, RICHARDSON & Co.,

Gentlemen:—I still speak of the good **your valuable medicine** has done my daughter, and still recommend Paine's Celery Compound to the public. *I have not had occasion for using it any since that time*, as it proved true to do the work. Very respectfully yours,

H. F. LANDIS.

BABY KIZER.

ALMOST A SOLID SCAB.

Paine's Celery Compound Cures
Terrible Eczema.

Eczema, salt rheum, and all skin diseases are positively and permanently cured by Paine's Celery Compound. Read the following striking testimonial from Mrs. E. A. Kizer, whose

beautiful baby was restored to health by this pure and health-giving Compound.

PLYMOUTH, Ind., April 17.

Dear Sirs:—Our little girl commenced breaking out with *watery pimples and terrible itching*. We took her to a doctor and he pronounced it *ECZEMA*. He prescribed some medicine for the blood, and also something to rub on her body twice a day and then wash with a medicated soap and water. We continued this treatment until she got so sore that we had to stop.

Then seeing your advertisements, we got a bottle of Paine's Celery Compound and it has done good work. We have now used two bottles and she is almost entirely rid of the terrible disease. Her back was almost a solid scab, but her skin is now clearing up nicely, thanks to your wonderful Compound.

E. A. Kizer

(Concluded from last column.)

After doctoring all of last winter, I finally consulted with our druggist and we decided on Paine's Celery Compound. I used just two bottles of the Compound and have been a well man ever since, and have not had any pain since I used it last April.

My only words are, thank God for the day I went to the druggist and got Paine's Celery Compound, as I would not be without it.

Truly a friend,

Frank Voltz

This Letter Was Written Two Years After Mr. Voltz's Great Cure.

VERSAILLES, Ind., June 15, 1896.

Gentlemen:—I am enjoying fine health, and am sixty pounds heavier than when I first came to Milan, and can safely say *had I not got Paine's Celery Compound I should have been dead long ago*. Still, in spite of all my good health, I have a bottle of Celery Compound setting on the shelf ready for immediate use. All I can say is, **thank God for the day I got Paine's Celery Compound.**

With kind wishes, I remain,

Respectfully, **FRANK VOLTZ,**

Formerly at Milan, Ind.

FRANK VOLTZ.

ALL ABOARD!

Secure Tickets on the Paine's Celery Compound Road to Health.

A Well Known Railroad Man Restored to Health, After Five Doctors Failed to Help Him.

More railroad men have been cured by Paine's Celery Compound than by any other two medicines combined. Scores have given the strongest of testimonials, fully equal to the following from Frank Voltz, who was a fireman for five years, but is now a popular hotel keeper in Versailles, the county seat of Ripley county.

MILAN, Ind., Sept. 18, 1894.

Dear Sirs:—I have been employed on a locomotive as fireman for five years, and after three years' service I was taken down with *typhoid and malarial fever*, from which I suffered two years or more. I had to give up my job, after having five different doctors. I finally came here to Milan and began in the hotel business, still troubled as before.

(Concluded in first column.)

MRS. LYDIA M. HAYDEN.

Female
Disease,
Nervousness,
All Tired Out!

Mrs. Hayden Was
Made Well by
Paine's Celery
Compound.

The Great Health-
Giver for Women.

MARION, Ind., Sept. 17, 1895.

WELLS, RICHARDSON & Co.,

Gentlemen:—Before commencing the use of Paine's Celery Compound I doctored without any relief. I took the Compound for **female disease and nervousness**. I seemed to be all broken up in some way; I was tired and my constitution had apparently given out. I only weighed one hundred and fifteen pounds when I commenced using the Compound and in less than two months I weighed one hundred and twenty-four pounds, an unusual weight for me. I have had better health ever since, and *have felt better this summer than for years*.

My little daughter was away from home on a visit and came home looking as though she had had a hard spell of sickness and couldn't eat anything. I got her a bottle of Paine's Celery Compound right away and *she has had better health since than she ever had in her life*, and eats hearty and is growing fast. If I need any medicine again I shall surely get Paine's Celery Compound.

Yours very truly,

Lydia M. Hayden
